HELIX

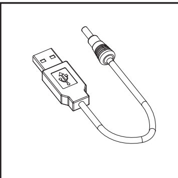

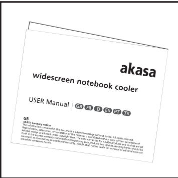

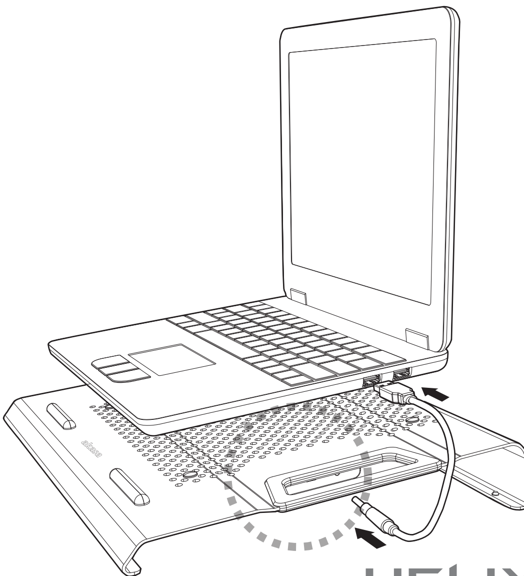

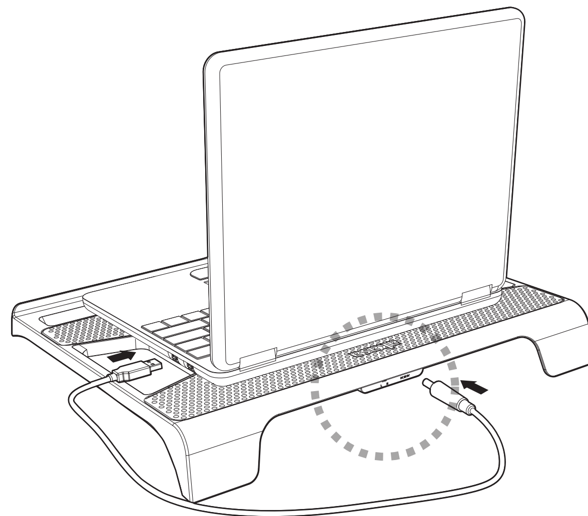

QUASAR

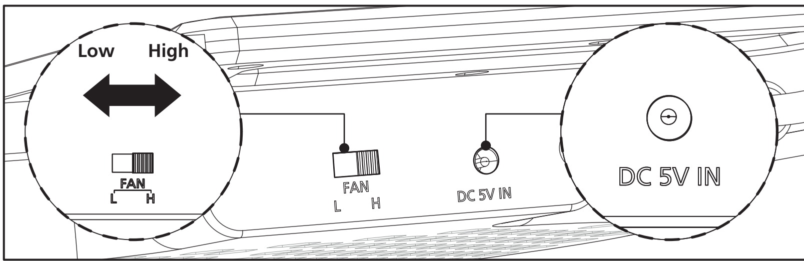

GB
Connect the power cable to a Notebook USB port and the HELIX/QUASAR power connector. Set fan speed by adjusting the High/Low switch.

FR
Connectez le câble d'alimentation à un port USB de l'ordinateur portable et le connecteur d'alimentation HELIX/QUASAR. Définissez la vitesse du ventilateur en réglant le commutateur Elevé/Faible.

D
Schließen Sie das Stromkabel an den USB Port eines Notebooks und an das HELIX/QUASAR Netzteil an. Stellen Sie die Lüftergeschwindigkeit durch Anpassen des Schalters für hohe/niedrige Geschwindigkeit ein.

ES
Conecte el cable de corriente en un puerto USB del portátil y al conector de corriente HELIX/QUASAR. Ajuste la velocidad del ventilador con el interruptor High/Low (Alta/Baja).

PT
Conecte o cabo de força na porta USB do Notebook e o outro conector no HELIX/QUASAR. Escolha a velocidade do ventilador ajustando o switch Alto/Baixo.

TR
Güç kablosunu dizüstü bilgisayarın USB portuna ve HELIX/QUASAR'ın güç girişine takınız. Fan hızını L-H anahtarını kullanarak değiştirebilirsiniz.
